2. You may recall that the same proposal in a lesser amount was disapproved by [REDACTED], former DD/A, on two different occasions.

3. I have discussed the matter with representatives of the Treasury Department in very general terms, and I believe that they will go along with the idea since it is CIA, although they stated that similar proposals for other agencies have been disapproved. I have talked in terms of [REDACTED] which I believe would be sufficient.

4. If the decision is made to establish such a reserve, it means that it will cost the Government (taxpayers) the sum of [REDACTED] [REDACTED] each year this fund remains idle in the vault.

5. Details as to control and access will have to be worked out with Treasury.
